

The Agroecology Europe Youth Network together with Valdibella Cooperativa Agricola, la Schola Campesina and Associazione Aterraterra organise :

PARTICIPATORY WORKSHOP

SEED SOVEREIGNTY: JUST A DREAM?

Let's explore with the Cooperative Valdibella and the Association Aterraterra how to achieve seed sovereignty locally and discuss with experts to address the global perspective

One of the most discussed and controversial issues in agriculture is seeds supply and how peasants cannot produce their own seeds, while being dependent on big companies. During this workshop we will discuss a very simple question, but with the answer not equally easy: How to achieve patent-free agriculture?
