

### AGROECOLOGY EUROPE FORUM 2023

#### Converging Movements for Resilient Food Systems

1	<b>Alain Peeters</b>	Scaling up agroecology on Belgian farms: Objectives and working methods of the NGO 'Terres Vivantes'.
2	<b>Amelie Steu</b>	The Agroecology Coalition's role in building strategic alliances and networks to scale out of Agroecology
3	<b>Andrea Vityi</b>	Agroecological strategies to prevent and manage the occurrence of weeds in crop production systems
4	<b>Clara Lina Bader</b>	Private Funding for Agroecology & Sustainable Food Systems - The role of foundations
5	<b>Cristina Laurenti</b>	Healthy Municipal Soils
6	<b>Diana Sietz</b>	Tailored pathways and agroecological action for reviving farmland biodiversity
7	<b>Erika Mária Juhász</b>	With beavers against drought: Agricultural aspects of beaver landscape transformation and management of beaver impacts
8	<b>Fabio Gatti</b>	Agroecology for the More-than-human Anthropocene: Xylella fastidiosa and the Olive Quick Decline Syndrome in Apulia, Southern Italy
9	<b>Georges Félix</b>	What's good in Coventry? Food Abundance vs. Food Poverty
10	<b>Gerald Schwarz</b>	Co-designing new business models for soil health – first insights from a case study in Germany
11	<b>Giovanni Sartor</b>	Azione Terrae - Italy : Agroecology and International Cooperation in West Africa: A Call for Action
12	<b>Izóra Gál</b>	Therapeutic horticulture as a nature-based solution - Hortus Medicus project
13	<b>Jacopo Goracci</b>	Finding solutions for pushing farm transition: permaculture as a design of an agroecology system - Andrea Minchio, Pietro Venezia, Alessio Del Tongo, Jacopo Goracci - Armonie Animali, Italy; Tenuta di Paganico Farm, Italy
14	<b>Jacopo Goracci</b>	A participatory approach to livestock selection for marginal areas: a framework for valuing farmers' opinion
15	<b>Jacopo Goracci</b>	On-farm slaughtering and pigs welfare: from pilot project to daily routine
16	<b>Jana Marjanović</b>	Combination of agroecological practices for improved soil quality

17	<b>Jose Luis Vicente-Vicente</b>	Complementing or Co-opting? Proposing an Integrative Framework to Assess the Transformative Capacity of Approaches that Make Use of the Term Agroecology in the Global North
18	<b>Kevin Perujo Holland</b>	Building healthier soil and a carbon-neutral future through regenerative farming
19	<b>Levente Pribéli</b>	Local animal production systems: agroecological alternatives to conventional animal husbandry?
20	<b>Linda Koch</b>	TCo-Productive Capacities in Research on Agroecology for Advancing Sustainable Food Systems Transformation
21	<b>Lucia Nedorost Ragasová</b>	Agroecology Research and Activities on Faculty of Horticulture, Mendel University in Brno, Czech Republic
22	<b>Madalena Eisele Cabral Vaz André</b>	Assessing the transition to organic agriculture on a regional scale - the case of Andalusia
23	<b>Maria Fernanda Ramos Diaz</b>	Social dimension of agroecology: attitude change towards food system transformation. The case of the SZIA Garden in Gödöllő- Hungary.
24	<b>Nicholas Davison</b>	Re-Livestock: Resilient Farming Systems
25	<b>Ruben Savels</b>	Assessing the agroecological performance and sustainability of Community Supported Agriculture (CSA) in Flanders, Belgium
26	<b>Sandra Spagnolo</b>	Evaluation of innovative and sustainable agroecological practices
27	<b>Sara Hansdotter</b>	The suitability of using FAO's Tool for Agroecological Performance Evaluation (TAPE) in a Norwegian context
28	<b>Sara Hansdotter</b>	Assessing soil health indicators in an organically managed grassland in Norway
29	<b>Sylvie Rockel</b>	Landcare Europe - the network that brings together agriculture, nature conservation and communities
30	<b>Stefan Pfeiffer</b>	PATH2DEA - Paving the Way towards Digitalisation Enabling Agroecology for European Farming Systems
31	<b>Tanya Zerbian</b>	A socio-ecological approach to urban food systems and policy
